- **All-in-One Versatility:** one system for vinyl, plastic, and leather surfaces.
- **Superior Coverage & Outstanding Adhesion:** industry-leading formulas for professional results
- **Excellent UV Stability**
- **Extensive Color Range:** almost 80 shades, including OEM-matched blacks, whites, grays, tans, blues, reds, and specialty clears
- **Consistent Finish:** available in satin, gloss, matte, and specialty clear finishes for today's vehicles
- **Fast Dry & Easy Application:** minimize downtime with quick turnaround times and enhanced capabilities.

# The Simplified Choice for Interior Refinishing

COLOR COAT 3 offers an extensive color palette, including OEM-matched blacks, whites, grays, tans, blues, reds, and specialty clear finishes, ensuring coverage for every customer and market requirement. With its superior adhesion, flexibility, improved UV resistance, and better coverage, the system delivers long-lasting results while being easy to apply and quick to dry, maximizing productivity in high-volume environments.

By combining high performance with consistent, professional finishes across satin, gloss, matte, and clear options, COLOR COAT 3 responds to the increasing demand for turnkey, ready-to-use materials, helping body shops efficiently deliver high-quality repairs that meet customer expectations.
