

PERFORMANCE BLUE ABRASIVES

Performance Abrasives

SEM® Performance Blue Abrasives are specifically designed for today's complex automotive repairs. Available in various grits and incorporating standard P grade product ranging from coarse to fine grits, the abrasive products provide an improved finish and smoother transition between grits.

With the addition of *SEM's* ceramic blend P grade system, you can count on effective surface preparation and finishing solutions at a reasonable cost, while relying on the same quality performance for all your automotive refinishing tasks. Technicians trust *SEM* Performance Blue Abrasives to get the job done right. Pick up your sander and prepare to be impressed.
