

PERFORMANCE ABRASIVES

Performance Abrasives

SEM Performance Abrasives are specifically designed for today's complex automotive repairs. The abrasive products incorporate "precision grain technology," which provides fast cutting, long life and a consistent finish on all substrates. Thanks to a unique film backing, the **SEM Performance Abrasives** provide exceptional feather-edging, excellent edge wear, durability and an even grain placement for a flatter cutting surface. The multi-hole design allows for dust-free sanding and a cleaner work environment.

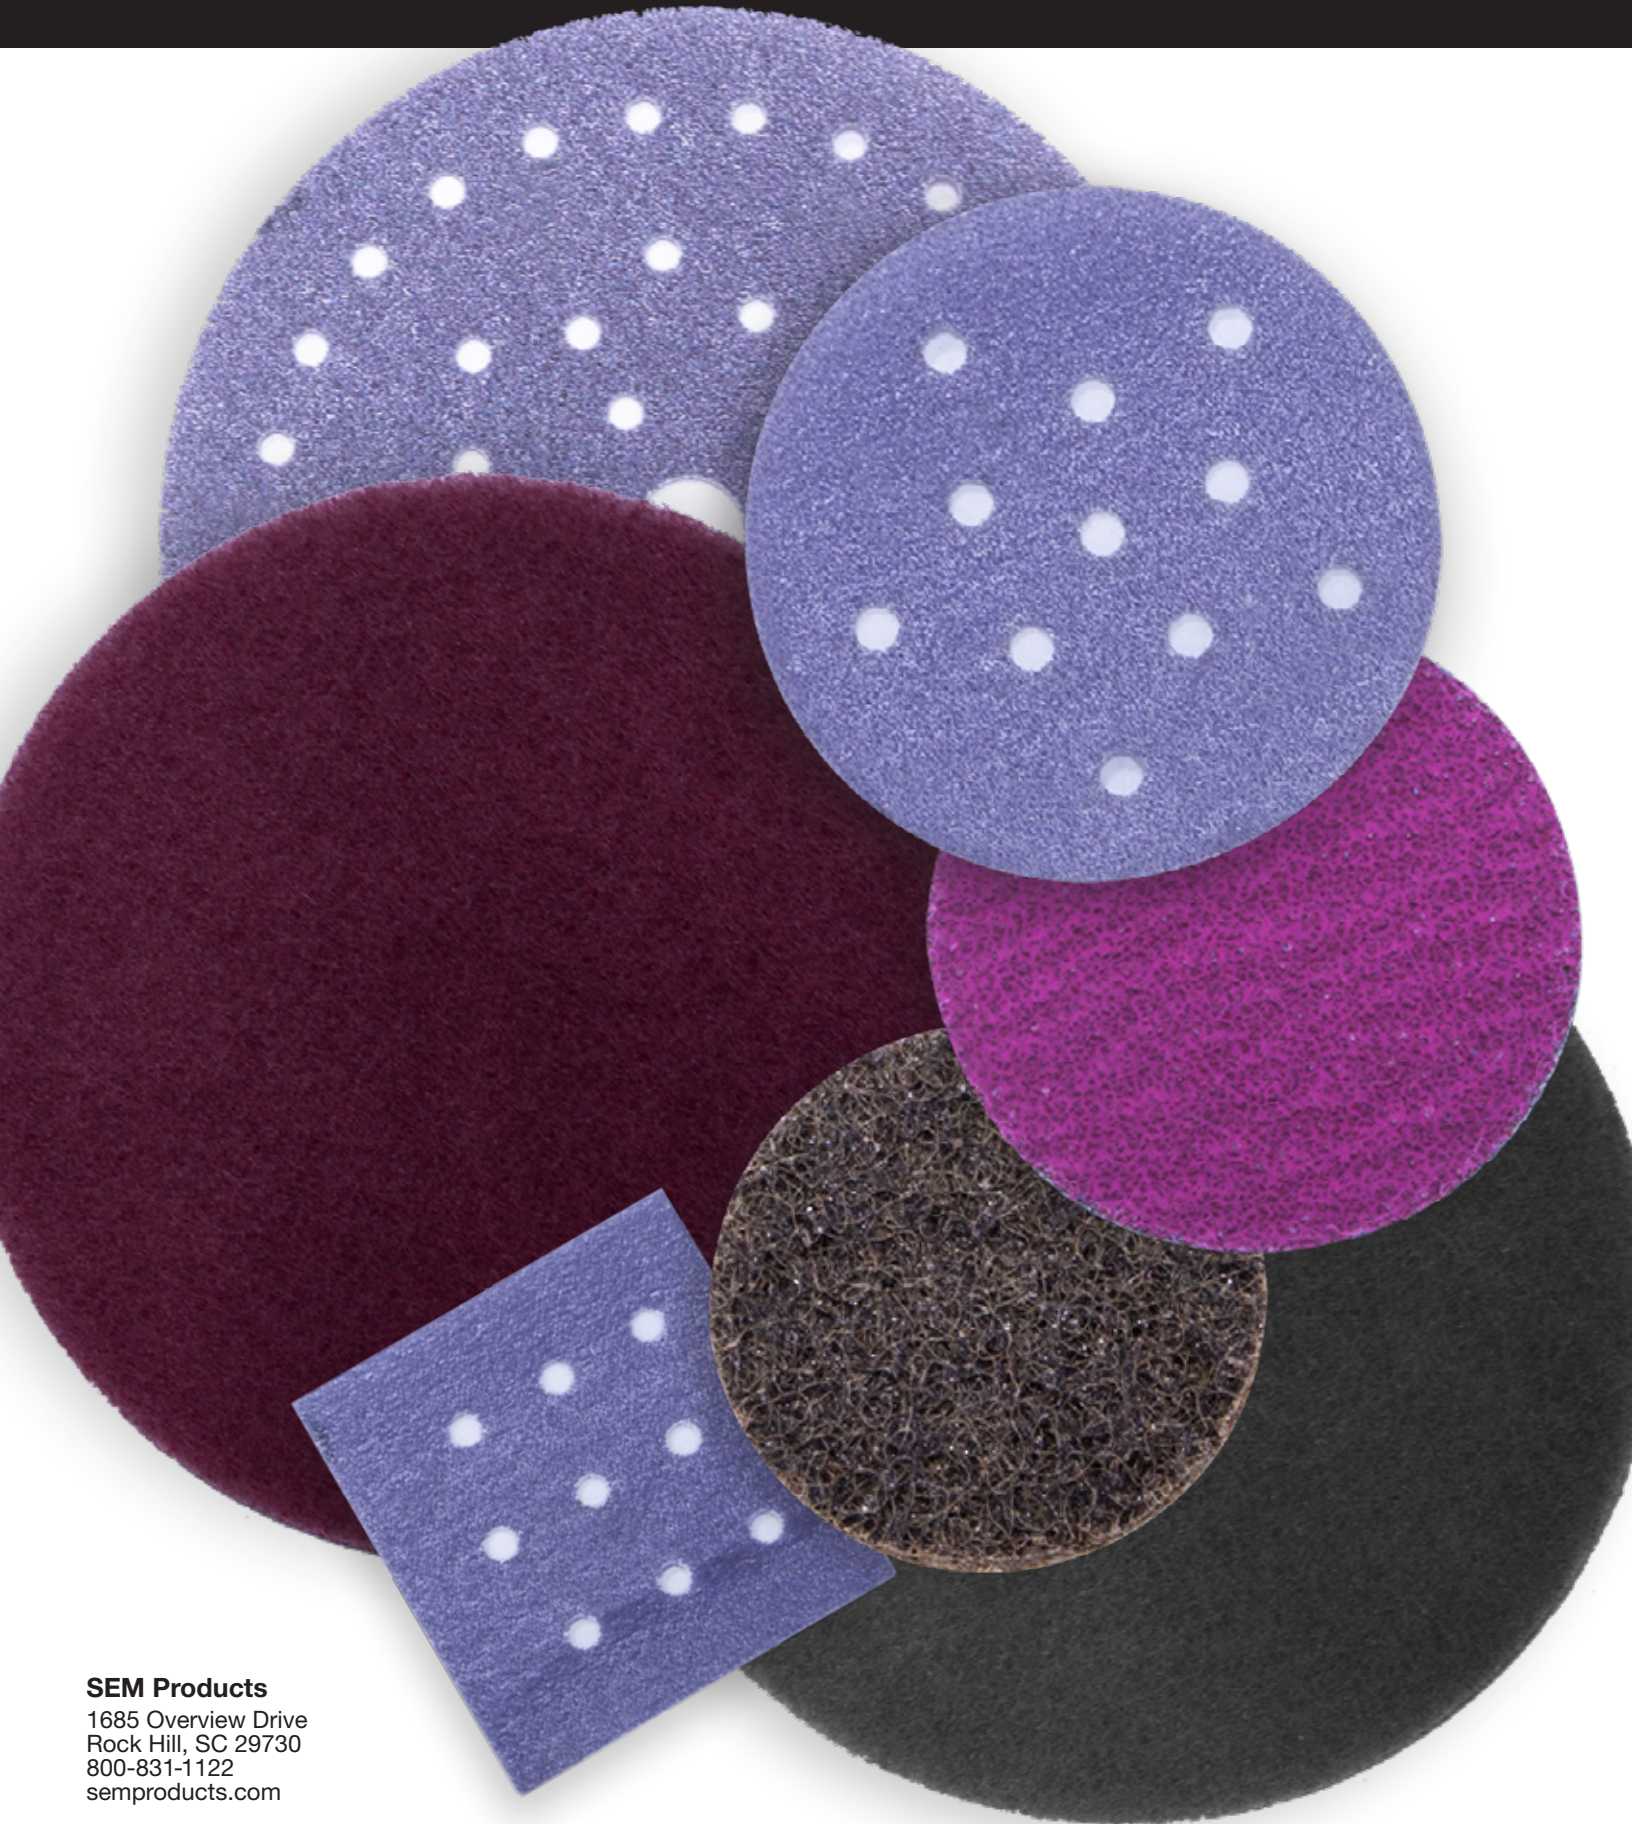

Technicians trust **SEM Performance Abrasives** to get the job done right. Pick up your sander and prepare to be impressed.
